SUMMARY

Highly-skilled and motivated **MERN Stack Developer** with 2.3+ years of experience. in developing and optimizing web applications. Expertise in **React.js, Node.js, MongoDB,** and **Express.js** for building scalable and efficient full-stack. Experienced in responsive web design and ensuring **cross-browser compatibility**. Proficient in **API development** and **integration**, delivering **high-quality**, **maintainable** code within deadlines. Committed to continuous learning and contributing to projects with innovative approaches to improve user experience and system functionality.

SKILLS

Languages: HTML5, CSS3, JavaScript
Frameworks & Libraries: React.js (Hooks, Redux), Vue.js, Bootstrap, Tailwind CSS, Material-UI, Chakra-UI, Node.js, Express.js
Databases: MongoDB, MySQL, Firebase
API & Integrations: RESTful APIs, JWT Auth, Plivo (SMS/Voice), Blockchain, Web3, Wagmi, Rainbowkit
Tools: Git, GitHub, Postman, Firebase, Agile methodology

CERTIFICATIONS

Mern Stack Developer (Certificate - Training)

Ypsilon IT Solutions Pvt Ltd · 2022
- **Crafted** responsive user interfaces using **HTML5, CSS3, JavaScript (ES6+)** and **React.js**, ensuring cross-device compatibility and improving user satisfaction by **30%**.
- **Developed** and integrated **RESTful APIs** for smooth frontend-backend communication, boosting data transfer efficiency by **25%**.
- **Engineered** scalable backend logic using **Node.js** and **Express.js**, designing secure API endpoints to support core app features and **third-party services**.
- **Transitioned** into full-stack **MERN development**, gaining practical experience in **MongoDB**, routing, authentication, and database-driven application design.

EXPERIENCE

Mern Stack Developer

Webnsoft Solution, Indore   November 2022 - March 2025, Indore
- **Engineered** 10+ responsive and dynamic web interfaces using **React.js, Redux**, and **React Hooks**, ensuring seamless user experiences across desktop and mobile devices.
- **Crafted** 25+ interactive UI components using modern **HTML5, CSS3**, and **JavaScript (ES6+)**, improving usability and boosting page responsiveness by 35%.
- **Collaborated** with backend teams to **integrate** RESTful APIs and **optimized** frontend data fetching strategies, reducing API call redundancy by 20%.
- **Architected** and **implemented** RESTful APIs using **Node.js** and **Express.js** to manage complex business logic and support third-party API integrations, handling 500+ daily user requests.
- **Administered** MongoDB databases and implemented secure **JWT-based** authentication and role-based authorization workflows, enhancing application security and improving user account handling by 40%.
- **Enhanced React.js** modules through code-splitting and **lazy loading techniques**, which reduced initial page load time by 30% and improved performance scores on Lighthouse audits.

PROJECT

Salon Booking System

Webnsoft Solution · www.vnailpro.com · January 2023 - May 2024
- **Designed** and developed a real-time slot booking system reflecting technician availability, which reduced booking conflicts by **90%**.
- **Enabled** users to browse detailed service info before booking, improving service selection accuracy by **40%**.
- **Implemented** automated SMS and email reminders via **Plivo API**, which lowered appointment no-shows by **35%**.
- **Integrated Plivo Communication API** for two-way SMS and voice calls, enhancing customer confirmation rates by **25%**.

Laundry & Dry Clean Services

Webnsoft Solution · www.washapp.fi/ · June 2023 – July 2024
- **Built role-based** dynamic dashboards for **customers**, **staff**, **agents**, and **admins**, improving task visibility and reducing access errors by **40%**.
- **Designed** and implemented an intelligent delivery **agent assignment** feature using **real-time location data and availability filters**, reducing customer waiting times by **30%** and optimizing delivery routes.
- **Automated pickup** and delivery confirmations, increasing customer appointment clarity and reducing missed services by **25%**.
- **Orchestrated** order **management workflow** for staff, improving order tracking accuracy and reducing processing time by **35%**.
- **Deployed real-time** alerts for agents and staff, **boosting response times** and enhancing operational efficiency by **30%**.

Gurudwara Booking Management system

Webnsoft Solution · karoardaas.com/ · August 2024 – November 2024
- **Developed** and maintained dynamic **admin dashboards** for **Super Admin** and **Gurudwara Admin** using **React.js**, improving operational efficiency by **40%**.
- Implemented profile management features for admins to **update services**, **events**, and **langar schedules**, reducing manual updates by **50%**.
- **Built community** modules to manage member data, **volunteer rosters**, and contact records, **improving coordination** and reducing communication delays by **30%**.
- **Integrated** automated **SMS** and **email notifications** for events and bookings, which enhanced user engagement and reduced missed appointments by **35%**.

365 Entertainment Website

Webnsoft Solution · 365ents.ie · December 2024 – February 2025
- **Engineered** a responsive web platform using **React.js**, **JavaScript (ES6+)**, and **HTML5/CSS3** to promote DJ and event services for weddings, corporates, and private events.
- **Created** modular service listings and dynamic contact forms using **React components** and **form validation**, increasing booking efficiency and lead conversion by **30%**.
- **Integrated** media-rich sections with event galleries and structured service content, leveraging **conditional rendering** and **state management** to enhance user experience.
- **Focused** on clean UI/UX and mobile-first design, ensuring smooth navigation and high accessibility across all devices.

EDUCATION

Bachelors of Engineering , Computer Science

Sri Aurobindo Institute of Technology (SAIT), Indore · Indore, MP · 2020 · 6.69
